

RECORDING MEDIUM AND SYSTEM FOR RECORDING

AND REPRODUCING THE RECORDING MEDIUM

Abstract of the Disclosure

5           A recording medium has a first recording area on which  
multiplexed audio informations are recorded as sets of one  
or more information units, a second recording area on which  
control information for controlling recording of the  
multiplexed audio informations are recorded. The control  
10 informations include first information representing the  
number of sets of information composing the multiplexed audio  
informations, and second information instructing to record  
the multiplexed audio informations as a stream.
